

National Workshop

on

Awareness on Intellectual Property Rights (IPRs) and its Management

(18th March, 2024)

Sponsored by

Council of Science & Technology

Department of Science and Technology

Govt. of Uttar Pradesh

Organized by

Institute Technology Management Unit

ICAR- Central Institute for Research on Cattle

Grass Farm Road, Meerut Cantt-(UP)-250 001

About the Institute: The ICAR-Central Institute for Research on Cattle (ICAR-CIRC), Meerut is mandated to undertake basic and strategic research for germplasm improvement and technology development for realizing enhanced productivity and profitability of cattle in the country including Indigenous cattle. The ISO 9001:2015 certified institute having well-equipped laboratories of Molecular Genetics, Reproductive Biotechnology and Feed Testing and CMU accredited Semen Freezing facilities. The Institute not only provides good quality germplasm to stakeholders but also undertakes research, human resource development, coordination and consultancy on cattle improvement by employing the latest strategic breeding and reproductive tools and works closely with universities and other specialist institutes. Besides the institutional research programmes extramural research projects funded by different agencies including NIAP, DBT, DST, and DAHD are regularly undertaken. ICAR-CIRC, in collaboration with Military Farm, Ministry of Defense has been instrumental in developing a national milch breed of Cattle, FrieswalTM, through one of the longest and largest breeding experiments in the country involving 56000 lactation records of 18000 animals. FrieswalTM, unlike other crossbred, has a stabilized inheritance of 62.5% Holstein Friesian and 37.5% Sahiwal with the potential to produce 4000 kg of milk with 4% buffer fat in mature lactation. In 2010, for the genetic improvement of indigenous breeds of cattle namely Gir, Kankrej and Sahiwal, the Indigenous Breed Project (IBP) has been initiated under the All India Coordinated Research Project (AICRP) on Cattle. Since its inception, more than 119 bulls have been inducted and 741940 doses of semen have been produced resulting in a 20-36% improvement in the 305 days of lactation in these breeds.

Objective: The workshop is aimed to provide exposure to different aspects of Intellectual propriety rights and their management to the Scientist, Technical officers, Faculty Members, Postgraduate/graduate students of ICAR-Institutes, State Agriculture Universities, and other Government/Private institutes/Universities/Deemed to Universities, etc

Eligibility

The workshop is open for Scientist, Technical officers, Faculty Members, Post graduate/graduate students of ICAR-Institutes, State Agriculture Universities and other Government/Private institutes/Universities/Deemed to Universities. The total number of participants will be restricted to one hundred (100 Nos).

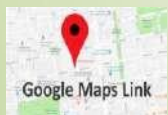

TA/DA, Boarding and Lodging

The training expenditures like TA/DA, have to be borne by the Sponsoring Institute of the participants.

Program Fee: There is no program fee

How to reach

ICAR-Central Institute for Research on Cattle, is located at Grass Farm Road, Meerut Cantt. Meerut (UP) and well connected to major cities of India by air, rail and road. The nearest railways stations are Meerut Cantt (2.7 KM) and Meerut City Station (4.8 KM) respectively. Taxi, Auto-rickshaws are readily available round the clock at both the railway station.

Application Procedure

Applicant are requested to fill the registration form through the link given below on or before 12th of March, 2024.

<https://forms.gle/tM5GS2emXoVisVwD7>

The short listed candidate list can be downloaded from institute website. (<https://circ.icar.gov.in>)

Chairman

Dr. A. K. Mohanty
Director, ICAR-CIRC

Organizing Secretary

Dr. Sumit Mahajan
Scientist & In Charge ITMU

Organizing Committee

Dr. Sushil Kumar
Head CG&B Division

Dr. S. K. Verma
PS, CN&M Division

Dr. Anjali
Scientist, CP&R Division

Important Instructions

<i>Maximum number of participants</i>	100 (Hundred)
<i>Last date for filling of registration form</i>	12th of March, 2024
<i>Information to selected candidates</i>	13th of March, 2024
<i>Commencement of Workshop</i>	18th of March, 2024
