ICAR-Central Institute for Research on Cattle, Meerut

06.09.2023

In a significant development in the field of livestock research and technology, scientists from ICAR-National Dairy Research Institute (NDRI) and ICAR-Central Institute for Research on Cattle (CIRC) engaged in an insightful discussion regarding the establishment of a model cattle institute that incorporates precision livestock rearing and advanced animal-rearing technologies.

The meeting, presided over by Dr. A K Mohanty, Director of ICAR-CIRC, brought together Dr. T K Mohanty, Dr. Rakesh Kumar, and Dr. Mukesh Bhakat, Principal Scientists at ICAR-NDRI, along with all the scientists from ICAR-CIRC. The primary focus of the discussion was to explore the integration of modern technologies and data-driven approaches into cattle farming with the aim of enhancing productivity and animal welfare while revolutionizing the cattle farming sector in India.
